

Congratulations to **Newton College & Career Academy**,

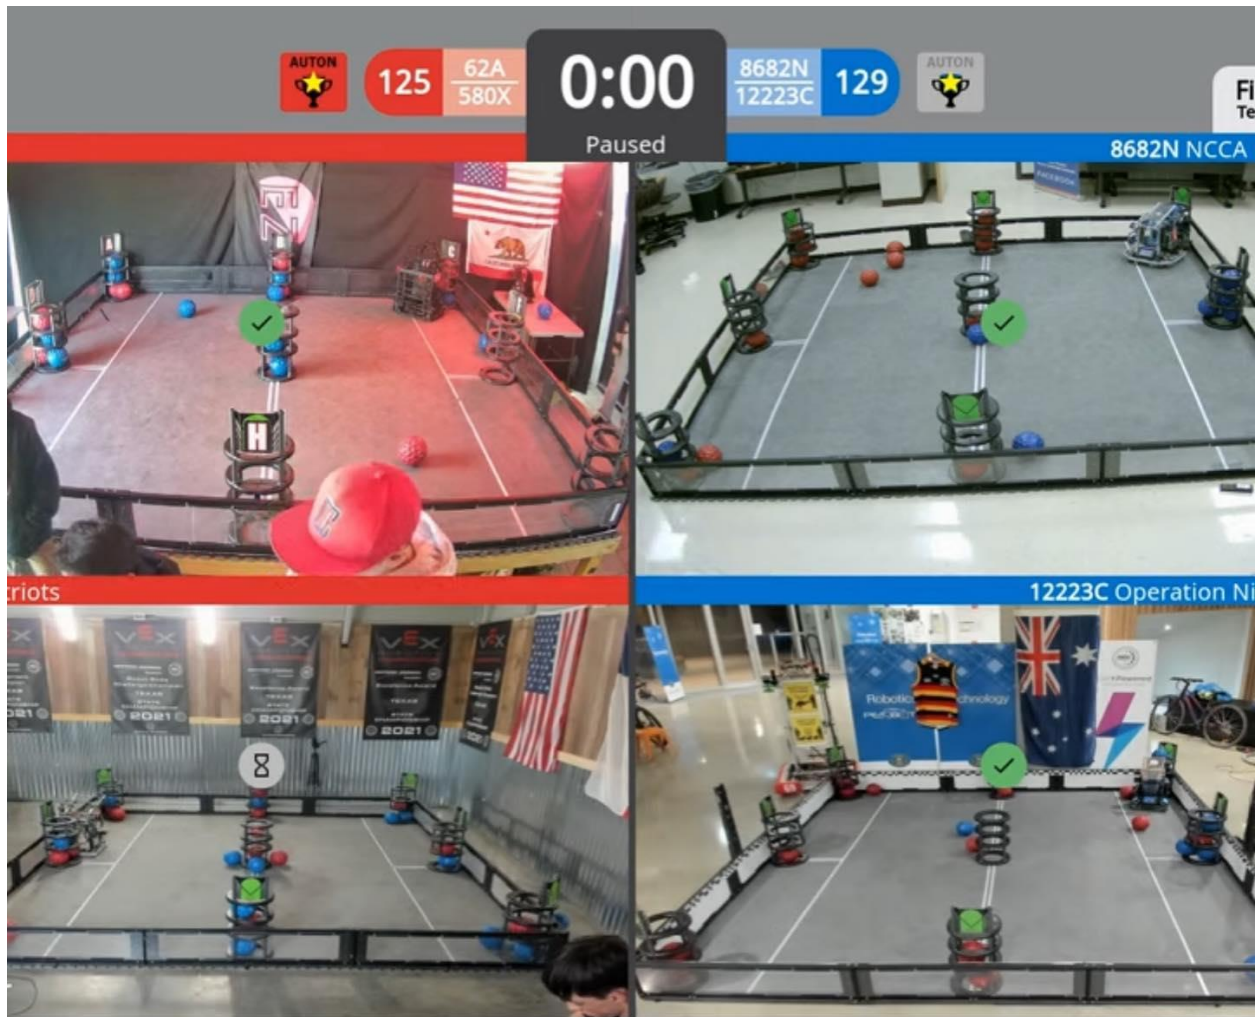

the Technology B division winners 8682N and their partners 12223C Operation Night Fury from Kensington Park Australia. With a final score of 129-125 the

Newton College and Career Academy Robotics team N has won their division and advanced to the Quarterfinals where the top 16 VEX robotics teams in the world compete for the World Championship. They had a great run in the Quarterfinals until they were knocked out by one point. Their last match was 164-165. **NCCA finished in the top 16 robots in the World out of over 20000+ global teams.** They will receive a VEX World Championship Banner as “Technology” B division winners

GA TSA is proud of the NCCA Robotics Team 8682N and their teacher/advisor
