

## List of important Advisor Resources and where to find them

Information is one thing GA TSA is not short of. We have an outstanding source for 24/7 information access 24/7 through our website: [www.gatsa.org](http://www.gatsa.org) There is a separate link for advisors, where the Annual Program of Work Calendar, contact information, forms, conference information and professional sites can be reached at your convenience. <http://gatsa.org/chapter-resources/>

The National Association website is where a chapter goes to affiliate and is full of invaluable information and resources. [www.tsaweb.org](http://www.tsaweb.org). To register a new chapter or perform the annual affiliation requirements, go to: <http://www.registernychapter.com/tsa/nat/>

Throughout the year, be on the lookout for group email messages, news, updates and opportunities are sent to everyone who is listed on CTAERN (Georgia's Career, Technical and Agricultural Education Resource Network). **Contact your school or school system's CTAE supervisor to make sure that your email address is listed and correct so you don't miss important information.** In addition to being a common link to our teachers/chapter advisors, the website offers access to professional development course opportunities. [www.ctaern.org](http://www.ctaern.org)

Being involved in your professional associations, reaps many benefits, including: access to current trends and best practices, networking with exemplary professional in your field, annual conferences participation experience, workshops and a voice in legislative arenas, where budget decisions that affect you and your program, take place. It is a very beneficial and worthy use of your dues money. The Engineering & Technology Education professional associations can be reached by visiting: <https://www.mygetea.org/> (Georgia Engineering & Technology Educators Association).

You are represented on the national and international level by the International Technology & Engineering Educators Association: <http://www.iteaconnect.org/>. ITEEA offers affordable professional liability insurance as well as useful curriculum resources and networking opportunities with other members. TSA Advisors receive a Membership Discount that runs through this October. Use the promo code is **TSA2018**.

Engineering and Technology Education in Georgia is one of the Career Pathways and has an affiliate in the Georgia Association of Career & Technical Educators. <http://www.gacte.org/>. Dues affiliate you with ACTE, GACTE and GAeTE. Your interests are represented by a lobbyist at the capital

Georgia Department of Education – Engineering & Technology Education – Website: <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Pages/Engineering-and-Technology.aspx>
